RE: REVIEW OF PESTICIDES IN THE KENYAN MARKET: REQUEST FOR PUBLIC COMMENTS.

The Pest Control Products Board (PCPB) is a statutory organization of the Kenya Government established in 1985 under Cap 346 Laws of Kenya in recognition that pesticides are key to agricultural production and can be harmful to human, animals and the environment.

The Board is mandated to oversee all matters related to pesticides, including but not limited to regulation of the importation and exportation, manufacture, distribution, sale and use of pest control products while mitigating their harmful effects to human health, animal health and the environment. The Board undertakes its functions through a Board of management and the secretariat. We also collaborate with both local and international stakeholders.

The Board is in the process of regulatory review of the following priority list of active ingredients. The table below indicates pesticide molecules (active ingredients) under review:

Insecticide	Fungicide	Herbicide	Fumigant
1. Acephate	1. Chlorothalonil	1. Clodinafop	1. 1,3-Dichloropropene
